Re: Traffic Study in 6E04

Dear Director Marootian,

Advisory Neighborhood Commission 6E conducted a public meeting on Tuesday, February 6, 2018 at the Watha T. Daniel/Shaw Library, 1630 7th Street, NW, to consider the above-referenced matter.

At the Commission's meeting, duly noticed, with a quorum present (six out of seven Commissioners required to be in attendance to achieve a quorum), ANC 6E voted unanimously (6 in favor, 0 opposed, and 0 abstention) to request that a traffic study be performed in SMD 6E04 to better understand the potential benefits and liabilities of Restricted Residential Parking in the SMD. Specifically, the study would focus on the 200 block of N Street, NW, the 400 block of M Street, NW, and the 1100 block of 4th and Ridge Streets, NW.

It was noted during the discussion by Commissioner Wiggins that his constituents in SMD 6E03 are not seeking Restricted Residential Parking. Although Commissioner Wiggins is not against restricted parking in 6E04, he stated this type of parking in 6E03 would be harmful to the Convention Center and parishioners coming to and from their place of worship in 6E03.

Respectfully Submitted,

Alexander T. Marriott  
*Chair*  
ANC 6E
