Re: Wiltberger Street Entrance Ramp for the Shaw Development

Dear Director Marootian,

Advisory Neighborhood Commission 6E conducted a public meeting on Tuesday, February 5, 2019 at the Northwest One Neighborhood Library, 155 L Street, NW, to consider a resolution regarding the Wiltberger Street Entrance Ramp for the Shaw Development.

At the Commission's meeting, duly noticed, with a quorum present (four out of seven Commissioners required to be in attendance to achieve a quorum) ANC 6E voted unanimously (5 in favor, 0 opposed, and 0 abstention) to request the following:

1. DDOT provide a written explanation of the agency's decision to locate the garage entrance to the Shaw development on Wiltberger Street, NW, including any and all traffic studies performed to determine the impact of said decision;
2. If the impact of The Adora, the additional mixed use development on Wiltberger Street, NW, was not taken into consideration when said approval was granted, ANC 6E requests that DDOT study and report on the impact of the increased traffic on Wiltberger Street and adjacent streets, especially the 600 blocks of S and T Streets, NW, including Howard Theatre traffic, and evaluate the potential for widening the sidewalks on Wiltberger Street in order to improve pedestrian safety; and
3. DDOT recommend mitigation measures to address the increased vehicular traffic resulting from the location of The Shaw's garage entrance on Wiltberger Street, NW, in addition to the increased traffic associated with The Adora mixed use development on Wiltberger Street.

Thank you for your consideration of this matter.

Respectfully submitted,
