XX. SPECIAL GUEST: DDOE – FUTURE K STREET BIKE LANE

Mike Goodno, DDOE Bicycle Program Specialist, provided a handout describing previous studies done on bike lanes in 2005, 2010, and 2014. The objective of the NoMa/Mount Vernon Triangle Bicycle Network Study was to find at least one low-stress and direct bicycling connection across the east-to-west rectangular study area of 6th Street, NW to 6th Street, NE, and K Street to N Street. DDOE is focusing on protected bike lanes for safety, perception and popularity, benefits to pedestrians and neighbors, and benefits to drivers. K Street conceptual plans have two options: Option 1 Road Diet and No Parking and Option 2 Abbreviated Road Diet and One Parking Lane.

A question and answer period followed.

Commissioner Padro raised the following issues: **a)** bike boxes are missing; **b)** there are disappearing bike lanes and no signage warning about this; **c)** bicycle traffic signals.

Alex Lopez, Chair of ANC 6E's Transportation Advisory Committee, offered the following comments:

- The Transportation Advisory Committee supports the K St. NW Complete Streets Project and has a preference for the option that preserves parking on the south side of the Unit Block and 400 Block of K St. NW.

He asked the DDOT team to consider a couple issues when moving beyond concept to the design phase:

- Plan for networks / connectivity with other existing or planned bike lane projects, including:
 - K Street, NE bike lanes between 2nd Street, NE and 6th Street (Notice of Intent published);
 - New Jersey Avenue, NW (unprotected) bike lanes between H Street and N Street (planned);
 - 5th Street, NW northbound bike lanes above New York Avenue, NW
 - New York Avenue, NW bike lanes southwest of Mt. Vernon Square
 - Eastern Downtown Protected Bike Lanes on 6th and 9th Streets, NW (planned);
- Floating bus stops to separate transit traffic from bike lanes
- Leading pedestrian/bicycle intervals at all intersections, especially across North Capitol Street
- Real protective barriers (not flexposts)
- Additional CapitalBikeshare stations along this corridor. Currently lack any CapitalBikeshare stations between New Jersey Avenue, NW and 6th Street, NE
