**4. PSA REPORT: METROPOLITAN POLICE DEPARTMENT 1D**

Lt. Kniseley reported that overall crime numbers are down. There was a 33% increase YTD in Property Crime from the same period last year. There were 7 Violent crimes. Robberies increased, largely having to do with venue events at Capital One Arena. Theft numbers are looking pretty good in terms of YTD figures.

A question-and-answer period followed.

- Commissioner Hart stated he received a question from a constituent and asked whether Lt. Kniseley could speak to the prevalence of shoplifting in the neighborhood. He responded that Shoplifting is included in the Thefts category and that reporting of same is not always accurate. Shoplifting is not captured in the numbers he is giving us. One of the more problem areas is the 7-Eleven in the 500 block of K Street. There are patrols there now and the 7-Eleven has installed security cameras. The bigger problem is Theft from Autos. MPD does not always receive accurate reports from the storefronts.
- Commissioner Hart asked if there were any updates on the stolen valet stand at RPM in the 600 block of K Street NW. He was informed Valet thefts are largely more of a problem in the 2<sup>nd</sup> District. Businesses have licenses, but they subcontract out the valet services. MPD has reached out to the Valet people asking them to not leave their stands unattended and to secure their valet boxes.
- Commissioner Hans stated there have been reports of drug activity at 471 and 473 H Street NW and he has scheduled a meeting with Captain Roth. MPD has been trying to treat drug activity as a disorderly conduct issue rather than a crime.
- Commissioner Rogers asked about robberies in the area, specifically SMD 6E03. Robberies being reported as a result of events at Capital One Arena. 3 of the 5 robberies were people who were residents of New Jersey. Trying to get more police visibility in the area.
- Chat: How can we as community members have an impact on drug use, shoplifting, etc.? Response: Some citizens do not feel comfortable about reporting crime. Officers can only arrest for a misdemeanor if it occurs in their presence.
- Mark Randolph suggested having background checks on valet attendants and require them to be licensed.

## **5. PSA REPORT: METROPOLITAN POLICE DEPARTMENT 5D**

Lt. John Sprague reported the following: 2023 YTD there were 30 Violent Crimes compared to 22 Violent Crimes in 2022. There were three Violent Crimes over the past 30 days, all ADWs: (1) shooting in unit (??) block of M St NE, suspect arrested; (2) stabbing in unit block of New York Avenue – no arrest, case still open; (3) road rage incident at Florida Avenue NE -- open. O robberies; Thefts and Thefts from Autos up – MPD citing Uber Eats and other

delivery service vehicles and ticketing them now. On the Theft side, MPD has had good conversations with businesses. There were 84 Property Crimes in the month.

A question and answer period followed.

- Commissioner Forest stated at last month's ANC 6E Public Meeting, MPD reported there were no crimes in 5D in the previous month. Response: He was informed that the Crime Maps have not been updated to accommodate redistricting. Commissioner Forest asked where are the problem areas from last month?
- Commissioner Abu-Khalaf raised a Theft from Auto issue at Adam and North Capitol St – someone reported that their car was robbed in the garage, the property manager failed to lock the garage, and it has not been secured for weeks. The property manager informed him that the lock won't be fixed until the end of the month. Response: MPD has concerns about the property manager in general. Have a lot of incidents at this location.

**8. INTRODUCTION TO DDOT LIAISON ABRAHAM DIALLO**

Abraham Diallo introduced himself as the Ward 6 Community Engagement Specialist Liaison to DDOT and stated anything that is not private property comes to him.

He stated DDOT has a new Traffic Investigation (TSI) Dashboard that replaces the previous system and tracks the process from start to finish. The Traffic Safety Input (TSI) program provides a mechanism for DDOT to hear from residents on roadway segments and intersections where users have safety concerns. Mr. Diallo noted that the Traffic Safety Input system itself has not changed.

Residents should not request maintenance of existing assets through the Traffic Safety Input program; instead, they should use the appropriate 311 categories (e.g. Roadway Signs, Roadway Striping/Markings, Sidewalk Repair, Traffic Signal Issue). Maintenance requests submitted as Traffic Safety Inputs will not be addressed.

A Traffic Safety Input can be submitted via 311 by a resident, ANC, or other community member or organization and will be prioritized based on objective factors such as roadway characteristics, crash patterns, equity, proximity to Vision Zero High Injury Network corridors, and locations utilized by vulnerable road users such as schools, Metro rails stations, and bus stops. Based on these factors, DDOT's Traffic Safety Branch will develop a work plan for 800 prioritized locations per year (200 each quarter) to evaluate the safety concerns expressed and determine if any action is needed. All TSI submissions that are not included in the quarterly work plan will remain in the system for prioritization in following quarters.

A question-and-answer period followed.

- Commissioner Hans asked about EV charging stations.
- Giselle Roget stated she lives in City Vista and asked how does the city allocate parking spaces. There is no parking on the street for community members who have paid for parking spaces. Conversation will be continued offline.
- Commissioner Hart asked about Valet Parking at the Holiday Inn.
- Joe G— stated he also lives in City Vista on the east side. The Marriott Hotel has valet parking and it takes up the entire block on the east and west side between K Street and New York Avenue. Response: Enforcement is handled by DPW.
- Mark Randolph asked if there is a way a resident can search for a score on a particular intersection? Can we collect this data and put it on the website? Response: Any resident can go on the website dashboard and put in their TSI number and see if it has been selected.
