Re: ANC 6E Resolution in Support of TOPS # 436665 – Proposed Capitol Campus Wayfinding and Identity Plan by Georgetown University (“Applicant”)

Dear Members of the Public Space Committee:

At a properly noticed special meeting held on February 13, 2024, with a quorum of 6 of 9 commissioners being present, Advisory Neighborhood Commission (“ANC”) 6E voted to support the Applicant’s request for approval of the aforementioned applications in TOPS # 436665. The resolution was approved by a vote of 6-0-0. (Note that three members were not present and not voting). ANC 6E supports the proposed wayfinding, campus, and building signage plan for the Georgetown University Capitol Campus.

The proposed pedestrian directional signs; campus, school and program identification banners; and building and building identification signs will provide an attractive, unified design for the Capitol Campus and support wayfinding, to the benefit of visitors to this important institution in ANC 6E.

Please feel free to contact the undersigned if you have any questions or comments regarding this letter.

Sincerely,
