

ADVISORY NEIGHBORHOOD COMMISSION 6E
P.O. Box 2236, Washington, DC 20013

February 13, 2024

Members of the Mayor's Special Events Task Group:

ANC 6E submits this letter in support of the Mount Vernon Triangle Community Improvement District's (MVT CID) application to close the 600 block of K St., NW from 3am to 10pm on Saturday, May 4, 2024, for the purpose of a street festival celebrating the twentieth anniversary of the MVT CID. The 600 block of K St., NW is in Single Member District 6E01.

Representatives of the MVT CID presented the street closure proposal to ANC 6E at a properly noticed special meeting on February 13, 2024. The ANC is supportive of the request and appreciates the MVT CID's efforts to choose a block that will minimize interruptions to vehicular traffic and WMATA bus routes.

The ANC encourages the Mayor's Special Events Task Group (MSETG) to approve a plan that provides suitable accommodations for bicycle traffic that may be impacted by the street closure and that the MSETG allow the use of lower profile vehicular barriers (such as those used by the Adams Morgan BID for closures of 18th Street), in lieu of dump trucks, which detract visually from the festive community environment this event seeks to provide.

Thank you for your consideration.

On behalf of ANC 6E,

A handwritten signature in brown ink that reads 'Christopher A. Hart'.

Chris Hart

Chair
