The Citizens Advisory Council (CAC) is an advisory panel in each police district that provides the district commander with information and recommendations from the community on the public safety problems and police service needs. Our monthly CAC meetings allow residents to meet and discuss police-related issues with Commander Stuart Emerman. The meetings also provide an opportunity for police officials to assess the impact of their crime-fighting efforts on the community. We meet every 4th Thursday of the month to address different issues within our community.
